You can use these templates to make bookmarks or charms that you can turn into jewelry, keychains or zipper pulls. You can also use the shapes to trace on the bookmark template. It's up to you! Shrinky dinks will shrink to 1/3 of their original size. If you want to make the shapes that you are tracing into charms to add to keychains or jewelry punch a hole in them before baking.

YOU WILL NEED:

1. Shrinky dink sheets
2. Sharpies
3. Hole punch (if making the bookmark or charm)
4. Parchment paper and baking sheet
3. Oven for baking
4. Ribbon or yarn for bookmark tassel

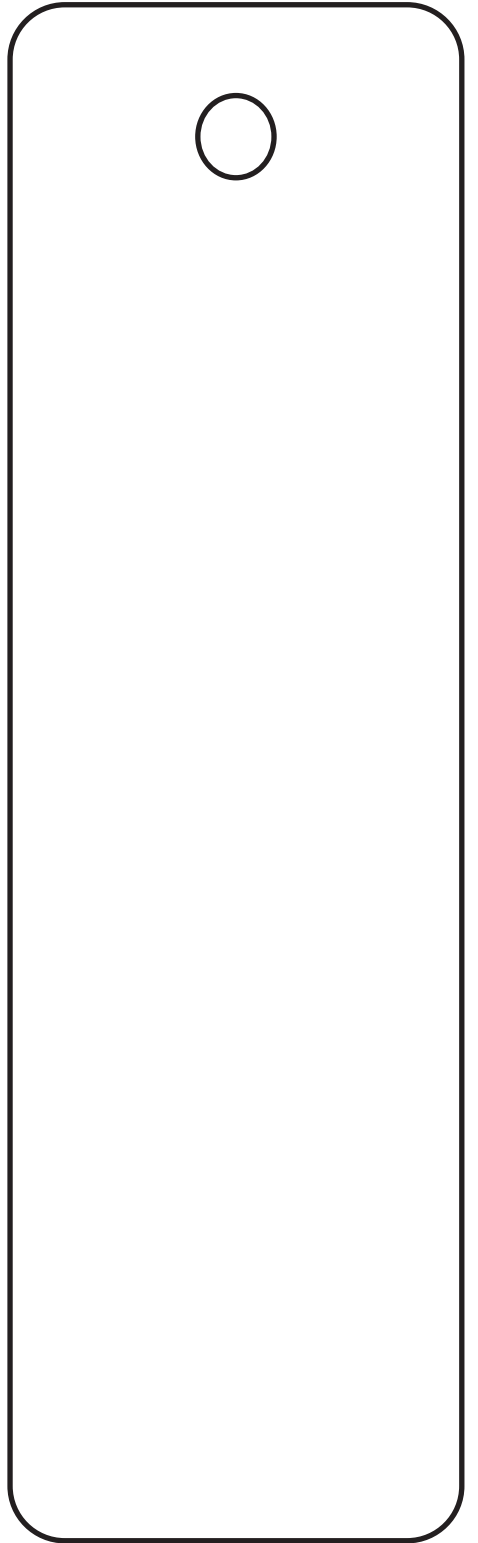

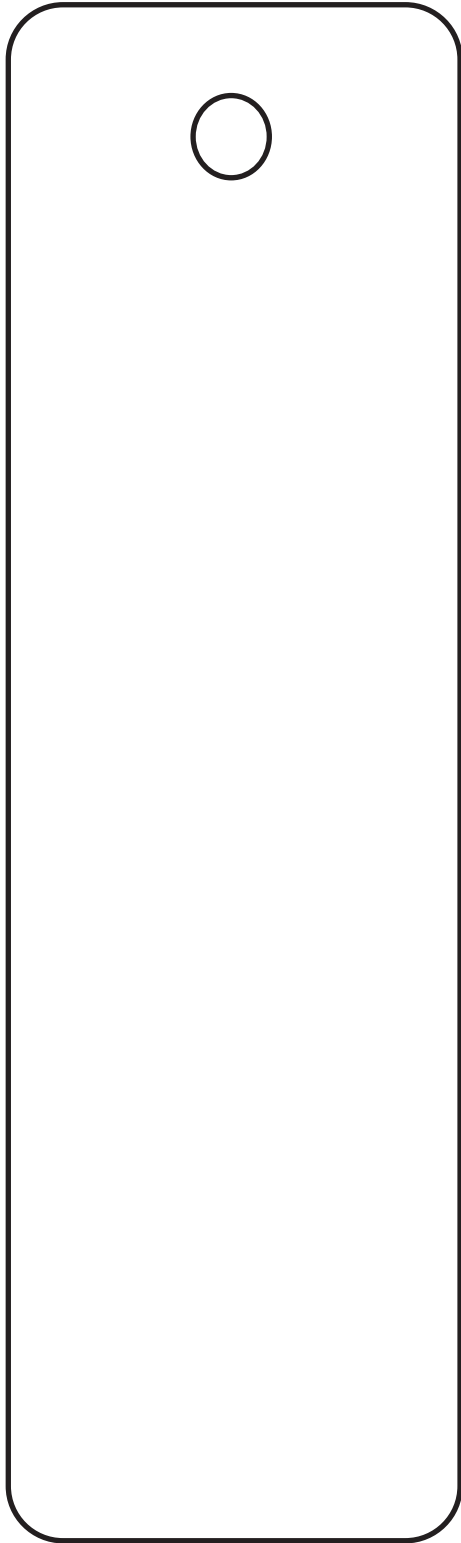

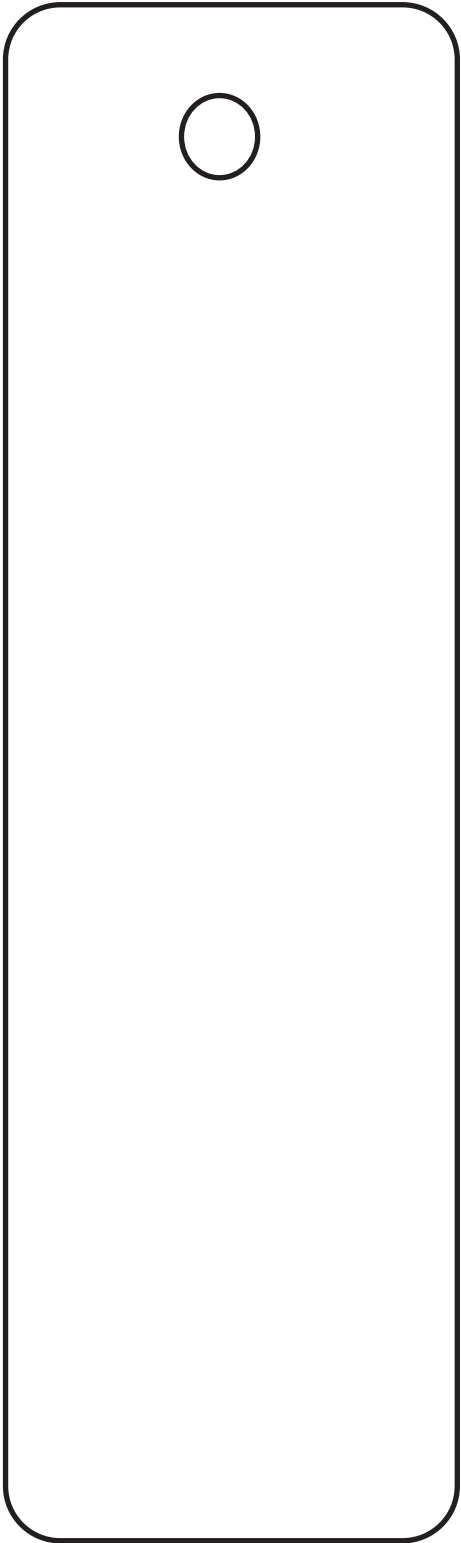

SHRINKY DINK TEMPLATE:

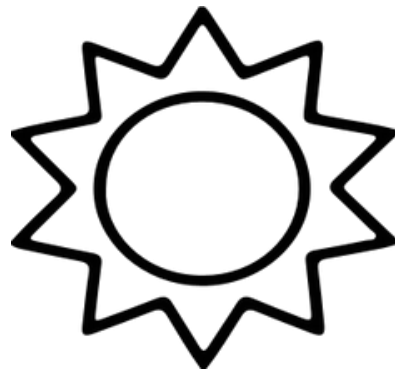

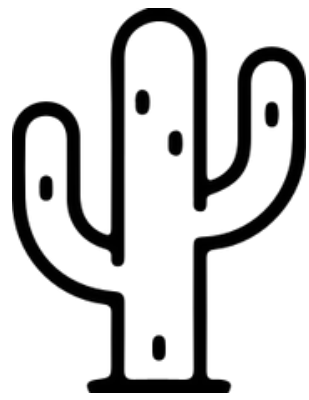

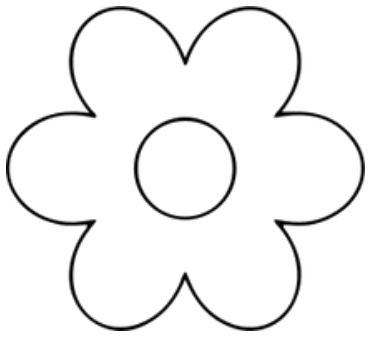

1. Print your template out.
2. Place your shrinky dink sheet over the shapes and/or bookmark you want to trace.
3. Using sharpies trace the image onto the shrinky dink sheet.
4. Cut out the shape you traced onto the shrinky dink sheet, (hole punch your bookmark/charms before you bake them).
5. Place the shrinky dink shape you cut out on a parchment paper-lined baking sheet.
6. Follow the baking instructions that are on your package of shrinky dink sheets.
7. Bake until they are flat, they will flatten out after 1-3 min.
8. Wait until they are cooled and then you can add them to jewelry or add a ribbon or tassel to the top of your bookmark!
