

Tassel Bookmark

supplies

- Embroidery floss (1 skein per tassel)
- Beads (optional)
- Jumbo paperclip (1 per bookmark)

tools

- Sharp scissors

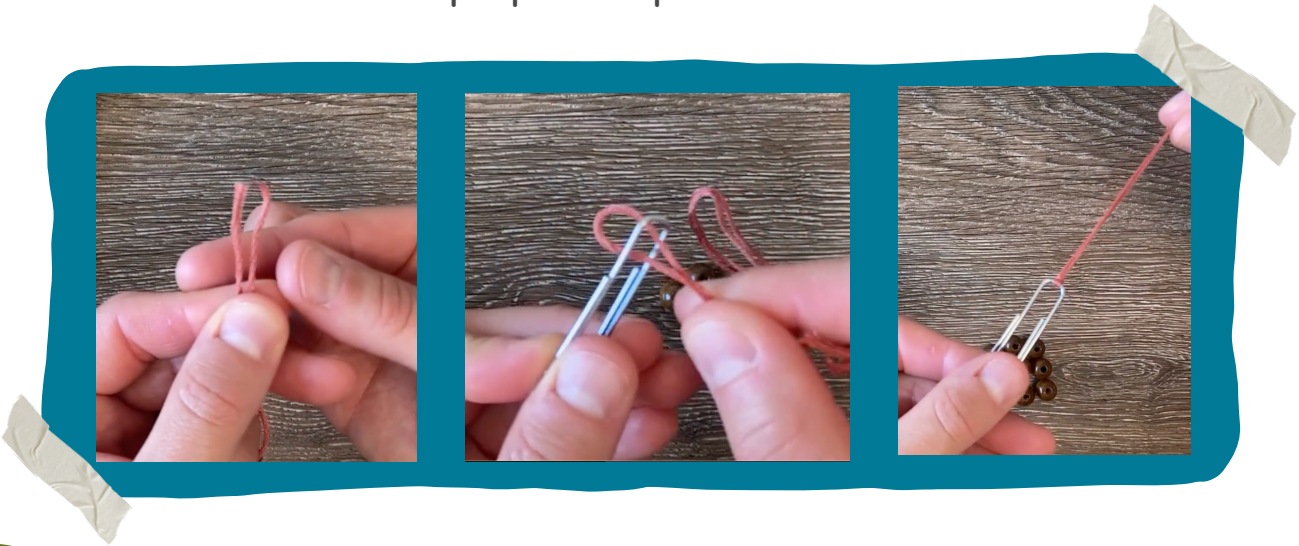

instructions

- 1 Keeping the paper cuffs on your skein of embroidery floss pull out a piece that is from your fingertips to your shoulder and cut. Then pull a piece about 8" long, cut.

- 2 Take the longer piece you just cut and line up the cut ends, and feed the loop on the other end through the paper clip. Take the cut ends through the loop to secure it to the paper clip.

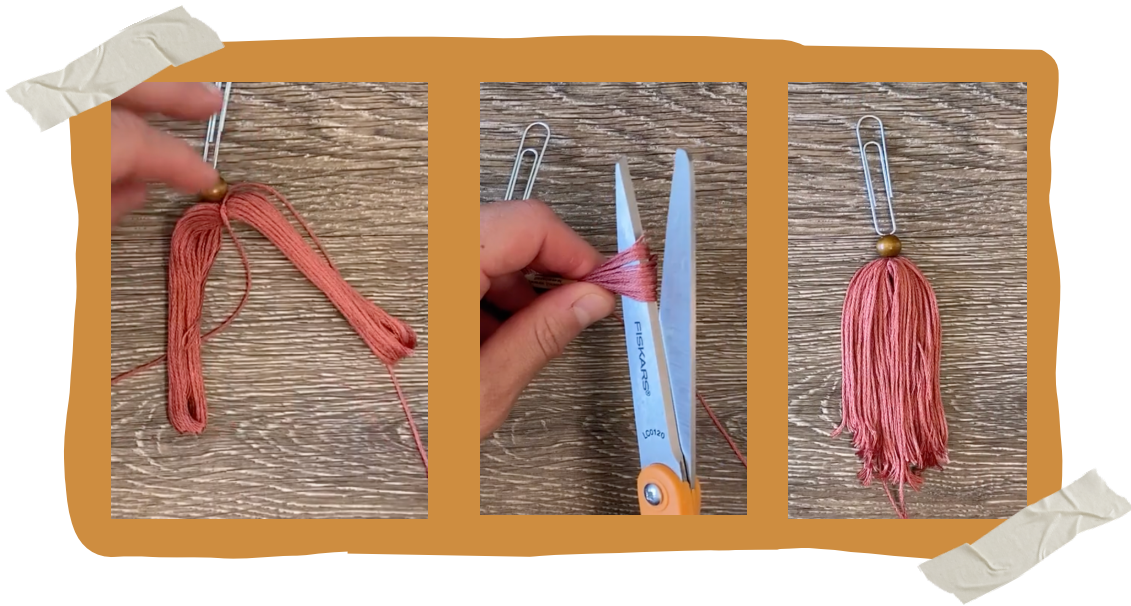

- 3 Separate the two pieces of floss and add the skein, and tie a few knots to secure.

- 4 Pull the paper cuffs off, cut the loops on the embroidery floss, and straighten out the strands.

- 5 Take the smaller piece you cut and lay the tassel on top. You will wrap the top of the tassel and knot a few times to secure it. Straighten out the strands and trim to even up the strands.
