

GHOST AND PUMPKIN GARLAND

SUPPLIES NEEDED:

·Felt (orange and green for the pumpkins and white and black for the ghost) You can get about 9 pumpkins and about 8 ghosts per 9x12" sheet of felt if you are using the template included.

·Glue (white school glue, hot glue, even glue sticks will work)

·Thread/embroidery floss

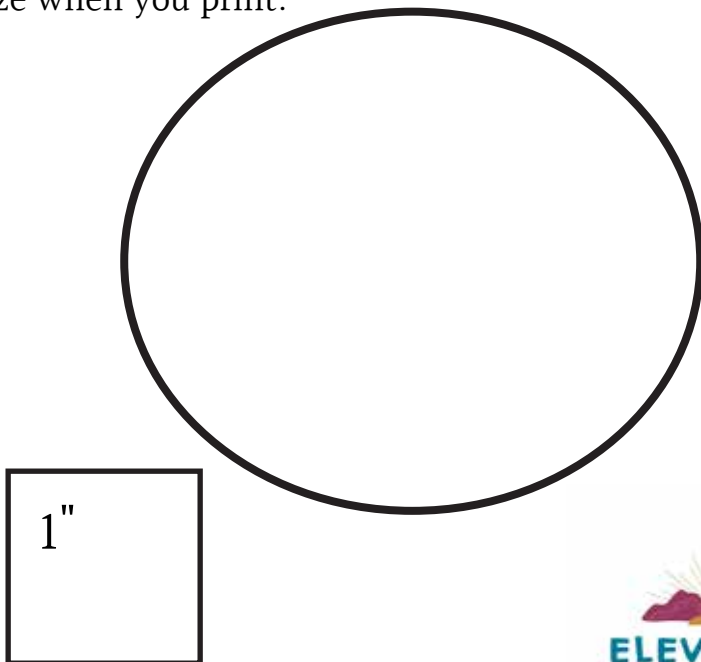

·Needle

·Pins/marking tool

·Scissors (paper and fabric)

TEMPLATES

1. Cut out the templates to use for tracing. Use the 1" square to make sure it is the correct size when you print.

HOW TO:

1. Print the template, and cut out the pieces.
2. Trace or pin the templates to your felt pieces, and cut out the felt pieces.
3. Glue the eyes onto the ghosts and the stems onto the pumpkins.
4. Thread your needle, there is no need to knot or cut the end of the thread attached to the spool until you decide how long you want the garland.
5. Sew a large stitch through your first piece and then continue with all of the garland pieces.
6. When it is the length you like, cut the thread and hang!
