

Model Magic Valentine Garland

supplies

- Model magic clay-I used red and white
- Heart shaped cookie cutter
- Ribbon

tools

- Scissors
- Wax paper, parchment paper to work on
- Pen cap or something to use to make a hole in your clay.

instructions

1

Set up your work space, I like to put down a sheet of parchment paper or wax paper.

2

Roll out, or press your model magic into a flattened disc shape, about 1/8"-1/4" thick. I used two colors and alternated them on my garland. You can also do a swirl of the two colors.

3

Using your heart-shaped cookie cutter cut out your heart shapes.

4

Using a pen cap or a paintbrush handle poke two holes on each of the hearts to thread your ribbon through.

5

Let your hearts dry completely. Thread your ribbon through the two holes on each of the hearts, place the ribbon through the front of the heart, towards the back, and up through the front again to the next heart.
